## Press Release

### **Panacea Technologies is now a Member of the OSIsoft Partner Ecosphere as a System Integrator Member**

Montgomeryville, PA (February 14, 2018) – Panacea Technologies is pleased to announce its admittance in the OSIsoft System Integrator Partner Program and continued membership in the PI Developers Club.

OSIsoft is dedicated to helping people transform their world through data. The PI System captures data from sensors, manufacturing equipment and other devices and turns it into rich, real-time insights for saving energy, improving productivity or developing new products.

More than 65 percent of the Fortune 500 industrial companies rely on the PI System to get the most out of their businesses. For more information visit [www.osisoft.com](http://www.osisoft.com).

For almost a quarter century Panacea has delivered quality and award winning automation and validation solutions to regulated industries. We are now delighted to add the OSIsoft SI Partner designation to our existing portfolio of services on PI System projects.

The OSIsoft SI Partner Program is expected to compliment Panacea's partnerships with Rockwell Automation, ThinManager, Wonderware, GE, Microsoft, and VMWare as well as create synergies with its portfolio of DeltaV services.
